TOWN OF EASTON

TOWN MEETING WARRANT

To the inhabitants of the Town of Easton in the County of Grafton, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Town on Tuesday, March 12, 1991. Polls will be open from 3:00 to 6:00 PM for ballot voting on Articles 1-7. The Town's annual business meeting will follow at 7:30 PM.

To act upon the following subjects:

ARTICLE 1. To choose all necessary officers for the ensuing year. (*Ballot Vote*)

To see if the Town will vote to approve or disapprove proposed amendments Articles 2 through 7 to the Town Zoning Ordinance as presented by the Planning Board on the official ballot. (*Ballot Vote*)

ARTICLE 2. Are you in favor of the adoption of Amendment No. 1 as proposed by the Planning Board for the Easton Zoning Ordinance as follows?

To add the following definition of AQUIFER (which is the same definition as in Section 604. Aquifer Protection District) to the Definitions Section: AQUIFER: for the purpose of this Ordinance, the aquifer is defined as the areas shown as having a "high potential to yield groundwater" on the U.S. Geological Survey Map, entitled "Availability of Groundwater in the Middle Connecticut River Basin, North-Central", by John E. Cotton, 1977.

ARTICLE 3. Are you in favor of the adoption of Amendment No. 2 as proposed by the Planning Board for the Easton Zoning Ordinance as follows?

To add the following definition of FRONTAGE to the Definitions Section: FRONTAGE: that side of a lot bordering a street or private road right-of-way, and ordinarily regarded as the front of the lot. The private road, existing or proposed, must meet road requirements of the current Subdivision Regulations.

ARTICLE 4. Are you in favor of the adoption of Amendment No. 3 as proposed by the Planning Board for the Easton Zoning Ordinance as follows?

To add the following definition of FRONT YARD to the Definitions Section: FRONT YARD: the distance between the front lot line and the nearest portion of a building. The depth of the front yard shall be measured from the street or approved private road right-of-way line to the building; where the width of the right-of-way is not or cannot be established, the right-of-way line shall be considered to be 25 feet from the center of the street.

ARTICLE 5. Are you in favor of the adoption of Amendment No. 4 as proposed by the Planning Board for the Easton Zoning Ordinance as follows?

To amend the current definition of SETBACK, so that the new definition reads as follows: SETBACK: the required minimum distance between the front, side and rear lot or street lines and the closest point of a building or structure.

ARTICLE 6. Are you in favor of the adoption of Amendment No. 5 as proposed by the Planning Board for the Easton Zoning Ordinance as follows?

To add the following definition of STEEP SLOPES (which is the same definition as in the Section 605. Steep Slopes Regulation District) to the Definitions Section: STEEP SLOPES: those areas with an average slope exceeding 25 percent, as delineated by the Soil Survey of the Town of Easton.

ARTICLE 7. Are you in favor of the adoption of Amendment No. 6 as proposed by the Planning Board for the Easton Zoning Ordinance as follows?

To add the following definition of WETLANDS (which is the same definition as in Section 603. Wetland Conservation Regulation District) to the Definitions Section: WETLANDS: those areas which are delineated as poorly drained or very poorly drained soils by the Soil Survey of the Town of Easton.

ARTICLE 8. To see if the Town will vote to raise and appropriate the sum of \$64,834.00 for general Town operations:

Town Officers' Salaries	\$ 3,100.00
Town Officers' Expenses	4,800.00
Election & Registration Expenses	700.00
Cemeteries	2,000.00
Town Buildings	2,600.00
Reappraisal of Property	500.00
Planning and Zoning	600.00
Legal Expenses	1,000.00
Regional Associations	2,700.00
Tax Map Update	500.00
Library	500.00
General Assistance	600.00
Contingency Fund	2,500.00
Police Department	3,370.00
Fire Department	10,000.00
Highway Expenses	13,000.00
Conservation Commission	400.00
Solid Waste Disposal	11,162.00
Insurance	1,200.00
Debt Service	1,762.00
N.H. Forest Fire Training	100.00
Interest Expense - bond	1,740.00
TOTAL	\$64,834.00

ARTICLE 9. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 for Highway Oil Emulsion projects.

ARTICLE 10. To see if the Town will vote to raise and appropriate the sum of \$3,000.00 toward the paving of the parking area around the Town Hall.

ARTICLE 11. To see if the Town will vote to raise and appropriate the sum of \$457.50 for Regional Associations in accordance with the following schedule:

North Country Council, Inc.	\$232.50
Tri-County Community Action	225.00

ARTICLE 12. To see if the Town will vote to raise and appropriate the sum of \$500.00 for the Easton-Franconia-Sugar Hill Chamber of Commerce.

ARTICLE 13. To see if the Town will vote to raise and appropriate the sum of \$1,815.25 for Regional Health Care Agencies in accordance with the following schedule:

Franconia FAST Squad	\$300.00
Ross Ambulance Service	551.25
White Mt. Mental Health	197.00
North Country Home Health	336.00
Grafton County Senior Citizens	181.00
Littleton Hospital	250.00

ARTICLE 14. To see if the Town will vote to raise and appropriate the sum of \$1,507.00 for operational expenses of the Franconia Recreational Program.

ARTICLE 15. To see if the Town will vote to raise and appropriate the sum of \$900.00 to repair the Vital Statistic Book of the Town of Easton from the years 1876 to 1898.

ARTICLE 16. To see if the Town will vote to raise and appropriate the sum of \$5,300.00 to asphalt approximately 3529 square feet of the fire house driveway.

ARTICLE 17. To see if the Town will vote to raise and appropriate the sum of \$1,500.00 for plantings about the Town Commons.

ARTICLE 18. To see if the Town will vote to authorize the Selectmen to borrow money for defraying Town expenses in anticipation of tax revenue, if necessary.

ARTICLE 19. To see if the Town will vote to authorize the Selectmen, on behalf of the Town, to apply for, receive and expend, without further action, any grants or gifts which may become available during the year as set forth in the provisions of RSA 31:95-b.

ARTICLE 20. To act upon any other business that may legally come before this meeting.

Walter Woods
Lee Strimbeck
Joseph Pimental

Selectmen of Easton

SELECTMEN'S REPORT

The recent accelerated growth rate in Easton from 158 residents in 1985 to 234 in 1990 further justified the need for the Town's modest Capital Improvement Program (CIP) authorized in 1988 as well as adjustments to the Town's zoning regulations. Projects completed in 1990 included the preparation and start-up of Easton's new fire department (see Fire Chief's report), a new water system for the Town Hall and Fire Station, and a new burner for the Town Hall.

It was a very busy year for the selectmen as well as others involved in the completed projects. Substantial efforts went into the planning and preparation for the new fire station.

The Town greatly appreciates Bob Tipping's generous donation of the second fire truck and equipment. We also appreciate the help of Kate Kerivan, a professional landscaper who assisted in the initial landscaping plan. A complete title search and survey was required with legal verification to satisfy loan financing requirements.

We applaud the performance of the fire department personnel. It was outstanding from the initial project justification completed in 1989 to the final ribbon cutting and start-up in October of 1990.

The Bethlehem Cable TV Co. which had contracted to supply Cable TV service to certain Easton residences have notified us that they cannot get adequate financing to continue with the project. We will now explore other Cable TV services that may be interested in bringing Cable TV to Easton.

The emergency dispatching number to be used by Easton, Sugar Hill and Franconia will be changed during the year from 823-8123 to 9-1-1. Advance notification will be made. Also the new Tri-Town dispatch map with a new coordinating house numbering system will be started in 1991. Home occupants will have a new rural delivery address in accordance with this program.

We have been advised by several home insurance carriers that when Easton's fire zone changes from 10 to 9 in most areas of Easton (as a result of the new fire department) their fire insurance rates will be reduced. The zone changes should be completed in the spring of 1991.

We are sorry that four of Easton's long term officers will not continue after the 1991 Town meeting. They are Virginia Leighton, who has served as librarian for 27 years, Bernice Cutter who has served as the Town treasurer since 1984, Mary Ellen Barnes who has served on the Planning Board since 1982, and lastly, Margaret Whitcomb, who has served faithfully since 1948 as a Library Trustee. They will be missed. We also take this opportunity to thank all volunteer board members and friends of Easton for their contributions during the year.

Walter Woods
Joseph Pimental
Lee Strimbeck
Selectmen of Easton

AUDITOR'S REPORT

I have examined the reports and accounts from the Board of Selectmen, Tax Collector, Town Clerk, Treasurer, Trustees of the Trust Funds, Cemetery Committee, Library Trustees, Conservation Commission and the Fire Department of the Town of Easton for the year ended December 31, 1990. My examination was made in accordance with the New Hampshire code of Administration Rules Rev. 505.01 through 505.09 and generally accepted auditing standards as I deemed necessary in the circumstances.

In my opinion, these reports and accounts present fairly the financial position and results of operations of the Town of Easton for the year ended December 31, 1990.

Ralph Brigida, Auditor
February 12, 1991

CEMETERY TRUSTEES' REPORT

There were four burials during the year 1990.

Twenty-one (21) grave sites were purchased in 1990.

The Trustees of Kinsman Cemetery voted to increase the cost of a standard grave site (5' x 10') from \$25.00 to \$50.00.

Parker Towle resigned and Eunice Woods was appointed to fill the vacancy.

Cemetery Clean-up Day was held on May 12, 1990. The Committee thanks those who volunteered their time.

Balance on hand - January 1, 1990 \$ 110.77

REPORT OF EASTON POLICE DEPARTMENT

ACCIDENTS:

1990 brought fewer accidents than the last few years. Only on 4 accidents did this Department have to file reports on and there were no personal injuries. Four deer were killed in Easton with very little car damage.

BREAK-INS:

There were 8 reported to this department. Most of the damage was vandalism. In most cases the door was kicked in but nothing was taken. The owner was then stuck with the repairs. A car fire was connected to entries into two Bed & Breakfast establishments where money was taken. State Police arrested the culprits and recovered some of the stolen money.

DOGS:

Several local dogs were killed along the road this year. We were able to replace one with a stray that nobody claimed.

DON'T FORGET

**LICENSES ARE DUE BY MIDNITE APRIL 30TH. A FIFTEEN (15)
DOLLAR FINE IS DUE IF NOT REGISTERED BY JUNE FIRST.**

In 1990, there were 227 calls for assistance, information or concerns from residents of Easton or other Police Agencies.

We wish to thank the State Police, the Sheriff's Department, Franconia and Sugar Hill Police Departments for their assistance when it was needed.

This Department also thanks the Selectmen for their support.

Respectfully submitted,

Edward P. Cutter
Chief

REPORT OF THE EASTON FIRE DEPARTMENT

The Easton Fire Department was approved by the Town on March 13, 1990 and officially went on-line on October 1, 1990. A lot of hard work and many generous contributions in that 6-½ month period helped make the department a physical reality.

Eleven members were present at the first organizational meeting held on May 2. Membership has since grown to 22 members, including three Franconia residents, a Littleton resident and a resident of Benton.

The acquisition of equipment began in April, with a fire truck at the top of the list. Several trucks were inspected and we finally negotiated to purchase a 1969 Ford from Boscawen. The search for a long list of other necessary equipment is still going on. Donations have been sought when possible and many other fire departments have been generous and cooperative in helping us to become established. The Kinsman Valley Ladies Club and the Forest Fire Wardens Association generously donated funds to assist us in purchasing needed equipment.

Many members have fire fighting experience and have patiently worked to train those with little or no experience. Three members attended a week-end training session in May that was held by the Interstate Fire Service Training Program. They brought back valuable information to share with the rest of the department. Once the truck arrived at the end of June, meetings were held every week so that training could take place.

As construction on the station began, we spent the month of July familiarizing ourselves with the truck and its equipment. Members practiced priming, pumping water, handling hose and driving the truck. Turnout was exceptional and everyone received hands-on experience.

In August, we took the truck and attended a pumping exercise in North Woodstock, working with other departments for the first time. We also attended a controlled burn in Littleton for additional training.

Work on the station progressed on schedule and it was officially turned over to us on September 12th. Shelves, cabinets and coat racks were built and we moved in with the truck and the equipment that we had acquired. Training continued in the form of mock situations and how to approach them. Members in full equipment attacked kitchen fires and chimney fires at the Town Hall.

The first and only fire in Easton this year occurred shortly before midnight on September 30th. We were not officially on-line until midnight, but several members responded to the car fire on RRte. 112. Later in the month we responded to another car fire in Bath that was originally thought to be in Easton. Members also extinguished a truck fire in Franconia and had things under control before the Franconia units arrived.

On October 6th a large crowd gathered at the new station to greet the arrival of Easton Engine #2. Through the incredible generosity of Bob Tipping of Mamaroneck, NY and Benton, NH, we acquired a second engine, something that would not have been possible for many years. This truck was fully equipped and lettered and was accompanied by another truck load of donated equipment. Our deepest thanks go to Bob and his family.

An Open House was held on October 13th. Residents and members of other fire departments who assisted us were invited to visit the station and help us celebrate all that had been accomplished.

Twin State Mutual Aid has inspected the station and equipment with a favorable outcome. We have also been inspected by the insurance company's rating service and our town classification will change from 10 to 9. This will help reduce insurance premiums on your home and property.

We will continue to work on acquiring and updating equipment, and the training of members will be an on-going practice. We will be holding fund raisers throughout the year to raise money for department needs. Your support will be greatly appreciated. We want to keep the budget as low as possible without sacrificing service.

This is your fire department. If you have any questions or advice, please feel free to contact me. And, as dedicated and hard working as our members are, we could always use a few more hands.

Respectfully submitted,

Lynn Tomasetti
Fire Chief

REPORT OF TOWN FOREST FIRE WARDEN AND STATE FOREST RANGER

During calendar year 1990, the State of New Hampshire experienced an average number of wildfires. The three leading causes of these wildfires were fires kindled without a fire permit from the Forest Fire Warden, permit fires that escaped control and rekindled fires. All of these fires are preventable, but ONLY with your help.

Please help your town and state forest fire officials with forest fire prevention. New Hampshire State Law (RSA 224:27 II) requires that, "No person, firm or corporation shall kindle or cause to be kindled any fire or burn or cause to be burned any material in the open, except when the ground is covered with snow, without first obtaining a written fire permit from the Forest Fire Warden of the town where the burning is to be done."

Violations of RSA 224:27 II and the other burning laws of the State of New Hampshire are misdemeanors punishable by fines of up to \$1,000 and/or a year in jail and you are also liable for paying all fire suppression costs.

The State of New Hampshire, Division of Forests and Lands assisted many towns in wildland fire suppression during 1990, including a 262 acre fire in Moultonboro and several fires in Hooksett.

In 1990, the New Hampshire Division of Forests and Lands trained 844 local Wardens and Deputy Wardens in the Incident Command System (ICS), an incident management system for all types of emergencies. In 1991, Wardens will be trained in the use of Class A foam in wildfire suppression.

If you have any questions regarding New Hampshire forest fire laws, please contact your local Forest Fire Warden, State Forest Ranger, or the Division of Forests and Lands at 271-2217.

BUILDING INSPECTOR'S REPORT

During 1990, permits were issued for 2 houses, 4 garages, 4 sheds, 1 barn and 4 additions/alterations.

Joseph Pimental
Building Inspector

ROAD AGENT'S REPORT

The usual maintenance on all of the roads in Easton has been done this past year.

Some of the fill from the excavation at the new fire station was hauled and put on the road from the Paine estate to the Craven driveway in order to widen some rather narrow sections on that road.

The Paine, Gibson and Ruskin roads were re-oiled in August and I hope that some of the remaining roads can be done this summer.

Respectfully,

Robert P. Peckett, III

Virginia Leighton, who has served twenty-seven years as Easton's Librarian, retired at the end of the year. We appreciate her many years of faithful service and we will miss her.

We welcome Cutler Fall as Easton's new Librarian. Dr. Fall has retired to Easton from a professional career in music with experience both in teaching and in Library activities. He will be anxious to meet and work with all who are interested in promoting Easton's Library.

We will continue to appreciate personal donations to the Library to supplement books purchased.

Margaret Whitcomb
Eunice Woods
Carolyn Chase

Library Trustees

LIBRARIAN'S REPORT

Media Van made eleven trips to Easton in 1990. We borrowed 343 books, 3 tapes, 2 videos and 1 movie.

There were ten hardcover books and eleven paperbacks donated to the Library. Thanks to all the donors.

Eighteen new books were bought.

Number of readers	17

Books Loaned:

Adult fiction	154
Adult non-fiction	89
Juvenile and magazines	<u>19</u>

Total circulation	262
-------------------------	-----

As I have resigned there is now a new Librarian. Dr. Cutler Fall is taking the position. At present the hours remain the same: 2 to 4 PM the first and third Wednesday of the month.

Thanking the Townspeople for their patronage and for the privilege of serving you.

Sincerely,
Virginia Leighton
Librarian

RECREATION PROGRAM

Summer Recreation Program

Over 90 children registered and enjoyed 7 weeks of activities in the Franconia, Sugar Hill, Easton Recreation Program under the supervision of Wendy Mitton, with Jean Serino giving Red Cross Swimming Lessons.

The program was structured differently this year and the parents and the committee felt it was very successful. We were able to rent the Lodge at Cannon Mountain for 8 weeks which provided a home base for all activities. This location offered us a variety of advantages; close proximity to numerous hiking trails and Echo Lake, a large indoor area for rainy day activities and a large outdoor area for sports and games.

Our thanks to Franconia Services for providing transportation and to the parents who helped in many ways.

Summer Baseball Program

Under the volunteer coaching of a dedicated group of parents, the summer baseball league fielded five teams. Gary Harwood initiated a short program for kindergarten children. Kevin O'Brien, Dave Brown, Peter Mogren, Coleen Foley, and Chris Collman coached three Farm League Teams. Greg Connors returned as Little League Coach, and Hal Tuttle as Soft Ball Coach. This is a very active program that coordinates with the Bethlehem and Lisbon Leagues. The 1991 program will field four farm leagues, 1 softball league and 2 little league teams.

Winter Recreation Program

The winter portion of the Tri-Town Recreation budget takes care of the Franconia town rink for all skaters. Elementary school age children from the Tri-Town area can participate with the Flyers Youth Hockey Program and recreational figure skating lessons. The rink stayed open, weather permitting, every afternoon, weekends, and both Christmas and February vacations. Special thanks to the hockey and figure skating volunteers who gave their time for our children's enrichment.

PLANNING BOARD REPORT

In the last year, the Planning Board reviewed and approved two subdivisions, and discussed with two other landowners potential subdivisions. One subdivision created a lot for an existing home and a lot for a new home; the other subdivision was actually a combining of three previously subdivided lots, and re-splitting into two, larger lots. The Board did preliminary reviews of possible subdivision of property on private or town roads which are narrow and inadequate in terms of today's standards; one of these remains before the Planning Board and involves issues of private, town and state road improvements and maintenance.

The mail-out survey to Town property owners was a great success. Of the 337 surveys sent, 195 or 58 percent were returned. The Board wanted specific comments and ideas, and with the open-ended nature of the questions, we certainly received a lot! The Board has put the results to use in discussions on lot sizes, commercial uses, and housing.

The Capital Improvements Program was completed last winter (1990) and the Planning Board approved the document. High priority projects such as the already-planned Fire Station, and repairs to the Town Hall water and heating systems were undertaken. In light of the changes in the regional economy, the Planning Board felt that the Advisory Committee's conservative assumptions of future revenues were wise.

The Board met with the Conservation Commission to learn about the natural resources inventory the Commission has initiated and to stay abreast of the Land Trust application. Both the Conservation Commission and Planning Board participated in a site visit of the timber cuts on the National Forest. Board members attended the annual Municipal Law Lecture Series and North Country Council-sponsored seminars, covering topics such as roads, performance bonds, and excavation.

NORTH COUNTRY COUNCIL ANNUAL REPORT

North Country Council is the non-profit regional planning commission serving 51 towns in northern New Hampshire. The Council's primary mission is to meet the planning and development needs of its member towns. Specific assistance presently available from the North Country Council includes municipal planning, economic development, community development, solid waste, transportation, water management, GIS mapping and resource management. When requested, the Council provides professional guidance and assistance to Boards of Selectmen, Planning Boards, Zoning Boards of Adjustment, Conservation Commissions and Solid Waste Districts in member communities.

Assistance provided to the Town of Easton in 1990 included:

- * Working with the Upper Grafton Lancaster Area Solid Waste District to permit the proposed Mount Eustis Landfill;
- * Assisting with the preparation of the final Capital Improvements Program;
- * Initiating a proposal to conduct a 1991 Regional Household Hazardous Waste Collection.

In 1990, the Council also provided a variety of services on a regional level. For example, workshops were held informing local officials of excavation site requirements, innovative zoning, shoreline protection, rivers management and cultural resources. The Council worked closely with economic development committees throughout the region. The Council's very active Transportation Committee focused on local and regional highway, air and rail issues. NCC's Solid Waste Coordinator continued to advocate regional solid waste management while working with five area solid waste districts.

In the ensuing year North Country Council's work program emphasizes community and economic development at the subregional and local level, while continuing the existing focus in solid waste and transportation. Under the leadership of our newly hired Executive Director, Preston S. Gilbert, NCC is fully committed to providing timely service to its member towns.

UPPER GRAFTON LANCASTER AREA SOLID WASTE DISTRICT

1990 Town Report

The Upper Grafton Lancaster Area Solid Waste District (UGLA) was very busy and productive during 1990 and the District continued to receive administrative assistance from North Country Council. The District's primary objective during 1990 was to develop the permits and design for the proposed Mount Eustis Landfill. UGLA's consultant completed and submitted most of the permits required for approval of the Mount Eustis Landfill. The NH Department of Environmental Services should have an indication of the completeness of the information submitted prior to Town Meeting. In addition, the consultant completed the facility design.

The District committee evaluated options for financing the landfill construction. After careful consideration, the committee determined that creation of a separate municipal corporation with bonding authority was deemed to be premature at this time. One option discussed was for the Town of Littleton to bond for construction of the landfill and contract for its use with the other District communities.

During 1990 the District monitored legislative and regulatory developments in Concord. The District submitted testimony and organized legislative support on the NH Department of Environmental Services proposed solid waste rule amendments. The outcome of that activity has not yet been finalized, but thus far it appears that the District's efforts were successful.

CONSERVATION COMMISSION REPORT

Currently, the active members of the Conservation Committee include Brenda Shannon, Jim Collier, Rusty White, and Mike Kenney. We would surely welcome new members.

In 1990, the Land Conservation Investment Program was a primary focus of the commission. This program was initiated by the Trust of NH Lands to encourage landowners to work with their communities to protect large parcels of land from development. The land being considered is located on the east and west sides of Route 116 near the Franconia Town Line. One parcel is owned by the Kenney family and the other by the White family. The total acreage is approximately 330 acres.

Work was begun on a natural resource inventory of the town which will take into consideration wildlife habitats, wetlands, agricultural land, recreational areas, scenic views, stone walls, etc. The inventory will prove to be a valuable tool in land planning.

For Earth Day 1990, the Conservation Commission sponsored an environmental awareness day at the Tri-Town Transfer Station. Educational materials on all aspects of conservation were available.

Late in the year we organized a well-attended field trip to a logging site in the National Forest. We were accompanied by a Forest Service official who is responsible for managing the logging that is being done by a private concern. Questions were answered about clearcutting, timber management and logging practices.

Respectfully submitted,
Brenda Shannon
Chairperson
Conservation Commission

TOWN REPORT AWARD

Easton placed first in the award of excellence contest sponsored by the New Hampshire Municipal Association. This is the second time in four years that Easton has placed first in its population range.

Care in preparation is rated with emphasis on creativity, accounting procedures, and evidence of long range planning for the future.

Congratulations to all who participated in preparing the 1989 annual Town report.
